

RHINO-TOUGH TRUCK BODIES

STEEL AND ALUMINUM TRUCK BEDS
AND SERVICE BODIES

THE COMPANY

In business for over thirty years comes decades of experience in upfitting vehicles and consistently surpassing customer expectations. Priding ourselves as a true one-stop shop operation for all of your vehicle and commercial needs, RhinoPro is the location to serve you. We are known for high quality parts, installation, honesty, integrity and unmatched customer service and are proud to be the place for all your automotive and upfitting needs.

To date, RhinoPro has acquired more than fifteen aftermarket stores from the West Coast all the way to Texas with no plans to stop our expansion. The company has plans to establish thirty-five to forty locations in the United States by the end of 2020.

TOGGLE SWITCHES:

The toggle switches make lighting up your RPT service body a one touch solution.

FLIP TOP COMPARTMENT:

The Rhino Pro Truck (RPT) flip tops allow for easy access with the adjustable dividers, slam latched and LED lit compartments.

GAS STRUTS:

The RPT service body is equipped with gas struts on the vertical and flip top doors to ensure the longevity and functionality of the compartment door.

INDICATOR LIGHT:

The green indicator light is designed to notify the driver when the LED compartments and led lights are in use.

ADJUSTABLE SHELVING:

The RPT body features adjustable shelving in all vertical compartments.

MATERIAL RACK:

Industry-leading material rack is always ready for the toughest job site.

The RPT also comes with a unique accented fender flare.

RPT shown with standard LED lit compartment.

BED-LIT LEDS:

The RPT features a LED lit bed powered by a toggle switch (standard feature).

GAS CAP:

The RPT features an industry first sleek concealment of the fuel cap.

BUILT-IN STROBES:

The RPT enables the rear taillights to function as multi-patterned strobes .

ENHANCED LOCK MECHANISM:

The RPT features a tri-lock mechanism to ensure the security of your essentials.

SERVICE BODY CONFIGURATIONS

DON'T ADJUST TO YOUR BODY. MAKE YOUR BODY ADJUST TO YOU.
